Denver, Colorado 80202-2450

Dear Mr. Rehder:

Enclosed please find a copy of the Final Sampling and Analysis Plan (SAP) for the Operable Unit (OU) 7 Passive Aeration System. The SAP was revised based on the comments we received from the U.S. Environmental Protection Agency, and the Colorado Department of Public Health and Environment. The modifications that have been noted appear to be of a minor nature. Comments from the agencies were provided on the November 1, 2000, teleconference and in subsequent email correspondence (11/3/00, 11/8/00, 11/29/00, 12/5/00, and 12/13/00). All comments from the regulatory agencies have been incorporated. We are requesting an official review and approval of the SAP in writing.

Please note that this document is a copy of a controlled document and revisions from the previous SAP are indicated by vertical lines along the left margin with the notation DCF-002. Previous comments from the agencies, which were received May 25, 2000, and June 16, 2000, were incorporated in the July 24, 2000, revision to the SAP, and are included under the notation DCF-001. The Rocky Flats Environmental Technology Site has been operating under these minor modifications since June 12, 2000, with revisions as noted per agency comments on July 24, 2000, and January 12, 2001.

If there are any technical questions related to this SAP, please contact Norma I. Castaneda of my staff, at (303) 966-4226, or contact me at (303) 966-5918.

Sincerely,

Joseph A. Legare  
Assistant Manager
